ASSOCIATION FOR CLINICAL BIOCHEMISTRY STUDY DAY IN METABOLIC MEDICINE

**Royal College of Pathologists
2 Carlton House Terrace
London SW1Y 5AF**

Tuesday 27 April 2010

This is the first of a planned series of meetings designed for both consultants and trainees in chemical pathology, clinical biochemistry and the relevant clinical specialities to provide updates in metabolic medicine. The sessions will aim to cover the laboratory investigation and clinical management of the more common presentations in these areas, concentrating on their core service requirements. The day will run from 10am until 5 pm with lunch and refreshments provided.

Numbers permitting after April 12th, a limited number of half day places may be available at 60% of the whole day rates shown above (to include lunch if required). The meeting has been approved for 6 CPD points (3 for each of the sessions for those attending half day).

Please note: Trainee rate applies to those who are working towards FRC and will not have completed this prior to the meeting.

Renal Stone Disease

- 09.00-09.30 Registration
- 09.30-10.15 Aetiology, investigation and dietary management
Dr Marta Lapsley, Epsom
